Students who read over the summer are better prepared for school in the fall, not to mention the better for having read a great tale.

Providence Academy students are required to read **two** books over the summer break.

Independent Reading: Read the book according to the grade level you will be entering this fall. After finishing the book, complete the One Pager Book Report on the back of this sheet. This is a creative and unique way to show your understanding of the text. Use sentences, bullet points, and illustrations to complete the One Pager. Make it colorful! Have fun! Book Reports are due to your teacher on the first day of school.
